Meridian Technologies expands its product representative network with the addition of Legacy Marketing in the Midwest area.

Elmont, NY, May 20, 2011 – Meridian Technologies, a leading manufacturer of fiber optic video, voice and data transmission products is pleased to announce the addition of Legacy Marketing (www.legacymarketingreps.com) to its growing team of manufacturer's representatives. Legacy Marketing's main office is located in Northeastern Ohio and will be responsible for promoting and selling Meridian Technologies' fiber optic transmission products in the states of MI, IN, OH, KY, WVA, & Western PA.

Founded in 1994, Legacy Marketing's success is due to their commitment to their customers' needs. In order to meet these market demands, Legacy Marketing provides training, technical education, as well as daily support to their customers. The company's commitment to excellence has secured its place in this very competitive and demanding field. As president of Legacy Marketing, Dean Paglio works closely with his team of sales engineers to ensure that they have a state-of-the-art product portfolio, helping to guarantee that their customers receive professional assistance and equipment to yield the correct and most cost-effective solutions. Legacy has a diverse line of products to address a wide variety of markets including Audio/Video, educational, industrial and commercial security markets.

Vic Milani, Meridian's Executive Vice President states, "We are pleased to add Legacy Marketing to our growing team of sales representatives and look forward to strong sales growth in the coming months". Mr. Milani continues, "... Their reputation in the industry will help Meridian increase its market presence in this territory".

Legacy Marketing represents an impressive line of companies and products. Adding Meridian Technologies' line of fiber transmission products helps complete their ability to offer a comprehensive range of products and transmission systems and expose Meridian to a wider range of new customers and opportunities.

About Meridian Technologies
