Meridian Technologies expands its manufacturers' representative network with the signing of Dollacker & Associates.

Elmont, NY, September 13th, 2010 – Meridian Technologies, a premier manufacturer of fiber optic video, voice and data transmission products is pleased to announce the addition of Dollacker & Associates (www.dollacker.com) to its growing team of manufacturers' representatives. Dollacker & Associates' corporate headquarters is located in Houston, TX with satellite offices in New Orleans and Dallas. From these locations, they will be promoting and selling Meridian Technologies' fiber optic transmission products in Texas, Oklahoma, Louisiana, and Arkansas.

Dollacker & Associates has over 26 years of experience in the security and Audio/Video markets and brings a wide breadth of experience and customer relations. "The Dollacker network is key to Meridian's sustained growth in both of these markets. Meridian is in a unique position to leverage our product, system and customer support expertise with Dollacker's emphasis on design consultants, integrators and training. This combination will provide customers the products and support needed to stay on top in this ever-changing technology environment" states Vic Milani, Meridian's Executive Vice President.

As Michael Dollacker, president, states, "We are in the midst of a major conversion from analog to digital in the Security and Audio/Visual markets which are presenting major sales opportunities for systems Integrators with technical expertise. We expect Meridian Technologies' products to play a major role in facilitating that conversion."

Dollacker & Associates has a very synergistic line of companies and products that it represents. Meridian Technologies' line of fiber transmission products for these markets is vital in providing a full complement of product offerings to system integrators, consultants and distribution channels.
