Meridian Technologies continues to expand its manufacturer's representative network with the signing of Intermountain Marketing.

Elmont, NY, September 1st, 2010 – Meridian Technologies, a premier manufacturer of fiber optic video, voice and data transmission products is pleased to announce the addition of Intermountain Marketing (www.immrep.com) to its increasing team of manufacturers' representatives. With corporate offices in Denver and a satellite office in Fruita, CO, Intermountain Marketing will be responsible for the promotion and sales of Meridian Technologies' fiber optic transmission products in the states of WY, UT, CO, NM.

For over 35 years, IMM has been providing a diverse range of superior products for the security market. Vic Milani, Exec Vice President of Meridian Technologies states that "... the broad range of synergistic products and experience that Intermountain Marketing brings is a perfect fit to Meridian's line of fiber transmission products". Mr. Milani continues "Their (Intermountain Marketing's) technical expertise and training methodology fits perfectly into Meridian's vision of customer education by providing them with the knowledge and tools to provide high-quality, efficient and cost-effective security solutions".

Intermountain Marketing has a number of premier companies in their portfolio. Adding Meridian Technologies' line of fiber transmission products helps complement their line with a high-quality supplier of fiber transmission equipment. This relationship will be beneficial to both companies as we continue to offer a unique and versatile approach and product portfolio to security transport systems.

About Meridian Technologies

Meridian Technologies provides technology solutions for fiber optic transmission products for a variety of security, surveillance, professional audio/visual, broadcast and access control applications. Established in 1990, Meridian is a recognized leader in fiber optic communications equipment and has provided proven technology solutions for a wide variety of commercial, industrial, government and military customers both domestic and international.
