Dear Meridian Technologies, Inc. Customers,

Over the weekend, Gov. Mario Cuomo of New York issued a sweeping shutdown order to tens of thousands of "Non-Essential" businesses, decreeing they must close their physical locations to slow the spread of the coronavirus and the associated COVID-19 disease.

Meridian Technologies, Inc. does not fall under the specifications for closure and **will remain open** as we currently serve a number of essential DOD and Security emergency companies. Meridian Technologies, Inc. expansive inventory of products are still available for all the industries that it serves.

**Meridian Technologies, Inc. is open and fully operational** but has taken necessary precautions to protect the health and well-being of all of our employees by practicing social distancing, and improved sanitation procedures. We hope that you and your company do the responsible thing by ensuring that public safety remains the #1 priority.

If we are forced to close for any reason, we will immediately notify you.

Please remain safe, selfless, and vigilant during these unpredictable times. We will get through this together.
