MERIDIAN TECHNOLOGIES IS PLEASED TO ANNOUNCE THE FIRST FIBER OPTIC TRANSPORT SYSTEM FOR THE AIPHONE IS SERIES!

■ Seamlessly connects hard wired Aiphone IS stations to other remote Aiphone IS equipment

■ High-quality and cost-effective fiber optic transport system provides an extra long distance solution

■ Ideal for school campuses, multi-building complexes, parking lots and garages, stairwells, and other remotely located areas

■ Our developers teamed up with Aiphone's engineers to ensure an easy, installer-friendly interface between their IS equipment and the fiber optic infrastructure

Visit our web site (www.meridian-tech.com) for more information on this and other Aiphone-compatible products or contact our sales engineering staff directly (516-285-1000).
