

Fan Assembly with 3 fans

FEATURES:

- UL/CSA Ball Bearing Motors
- Power:
FA-2000/1 - 75 watts (100-125 VAC) 50/60Hz
FA-2000/2 - 75 watts (220-240 VAC) 50/60Hz
- Modular Design for Quick Fan Replacement in the Field
- Low Noise, 110 CFM per Fan Duct Cabling
- Noise Level 44dB
- System for Organizing Wiring of Rack Cabinets
- Operating Temperature:
-10°C ~ +70°C (14°F ~ 158°F)

DESCRIPTION:

The FA-2000 is an EIA 19" L x 1-3/4 H (1U) fan assembly tray with 3 fan units that deliver cooling air by localizing fan placement to the heat generating area. Units are custom build with Aluminum extrusions for placement in between Meridian Technologies Series SR-2000 EIA 19" L x 5-1/4 H rack mount chassis.

ORDER INFORMATION:

FA-2000/1	Fan Accembly with 3 Fans	110 VAC
FA-2000/2	Fan Accembly with 3 Fans	220 VAC
